Cuchillos profesionales / Professional knives

Manual Técnico

Manual técnico / Technical manual

“A Mundial apresenta sua linha de facas profissionais 5300 especialmente desenvolvida para atender ao profissional com mãos de menor porte, como por exemplo, adequando-se perfeitamente às necessidades das mulheres que trabalham nos frigoríficos. Com design diferenciado, o cabo da linha profissional 5300 agrega conforto e leveza a um produto de alta performance e resistência, mantendo a tradicional qualidade e durabilidade de fio amplamente reconhecida das facas Linha Profissional da Mundial.”

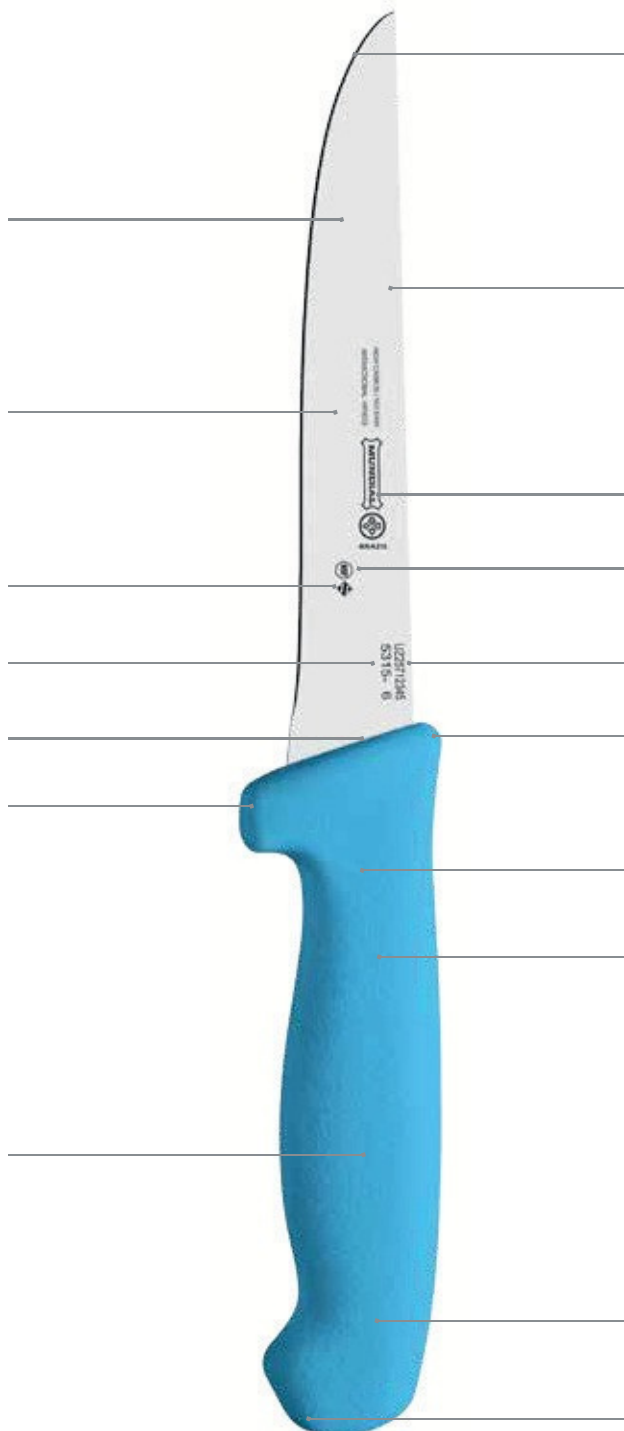

“Mundial presenta su línea de cuchillos profesionales 5300 especialmente desarrollados para atender al profesional con manos menores como, por ejemplo, adecuándose perfectamente a las necesidades de las mujeres que trabajan en los frigoríficos. Con diseño diferenciado, el mango de la línea profesional 5300 agrega comodidad y levedad a un producto de alto desempeño y resistencia, manteniendo la tradicional calidad y durabilidad de filo ampliamente reconocida de los cuchillos Línea Profesional Mundial.”

“Mundial presents its line of professional knives 5300 developed specifically to attend professionals with small-sized hands, for instance, adequating itself perfectly to the needs of women working at slaughterhouses.

With a unique design, the handle of professional line 5300 joins confort and lightness to a high performance and resistance product, while maintaining the traditional quality and durability of the edge widely recognized on Mundial's Professional Knives Lines.”
